

Timings of the school day.

We open our doors 30 minutes before the start of the school day so that children can enjoy a calm and settled beginning. During this time, they may access a free breakfast consisting of a toasted bagel or cereal. Children can read, change their library books, and prepare for the day, which officially begins at **8:55am**. We also offer a paid wraparound **Breakfast Club**, which opens at **7:30am** and can be booked via School Money.
